Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]

Our Mother begins her message:

My children, kiss the ground... again... again... again... again... like this up to eleven times. Look My children, with these kisses of love to the ground, the pride of men is gradually removed from their hearts, because they humble themselves before their God as you have just done.

My little ones, look - remove the pride you have in your hearts. Behold, my children, you are undertaking a Mystery which you do not yet assimilate, nor understand. Never say "no". Always say "YES!" to that call of your Mother because the Almighty God has entrusted to Me that I may choose my children, to carry you on wings and that you carry my Image - you and other children of mine that I will choose, so that you may distribute amongst yourselves the moments that you may go forth with my Image throughout the world.

Do not worry, my children, about illnesses, do not worry about where you will go and where you will be. Do you want to follow the path that your Mother is laying out for you? Now is the time, my children, to say "Yes" or "no", because I have wanted to put you here at this moment, in this Holy Land, because here I have alighted, with you, on this land.

As often as you come here, remember to pray a Rosary here for the whole world. Look, as I told you before, you will not understand what this Mystery is, this Mystery is to give Glory and Honour to the Almighty Father, my Creator, your Creator.

Look, men are hurting each other, they are eating each other. My children, you are chosen to take the Mystery of my Immaculate Heart to the world. My children, keep on walking, keep on walking even if the pain pierces you, for you must suffer much. Sometimes, you yourselves will have a little disagreement amongst you, but look, if you look at Heaven and look at the Love of your God, all will be rosy.

Look, I will always be in your hearts and, even though it may weigh heavily on you, My children, you are doing all this because you have a path laid out for you. A path that will lead, one moment and one day, to the salvation of souls. You are taking a path, my children, to cover yourselves with the Cloak that your Mother places over you, because you have been chosen. You, my children, are nothing, neither are you, little one, because I am in your hearts so that you may walk and go step by step towards my Immaculate Heart, so that men, women and children may love it and go to it, because today man has forgotten that Immaculate Heart of his Mother and the Heart of my Son. Today is the time to carry the lifeblood, the Mystery of my Heart and that of my Son.

Yes, my little one, only you know it, but these children of mine, like other children of mine, have to say "yes" or "no". The moment they say "Yes" and walk as they do, I will give them special graces in their hearts so that they may be filled with joy and grace and distribute the fragrance of my Heart to their brothers and sisters.

My children, ask, pray for your brothers and sisters - that is the mission assigned to you. Pray for everyone, for those who are going to die, for those are my children, those who need it, so that they may ask forgiveness of their Creator, my Creator, your Creator.

Oh, what a tragedy, my children, if you only knew how many are condemned because no one prays for them! You, my children, already know how to walk, so look, that is the mission that is implanted in you. When you set foot in Fatima, where you are going at this moment, place the whole world, your brothers, in your hearts and in my Immaculate Heart because I will have them with me. I am waiting, not only for you, but for all humanity.... Let them ask of me, let them come and ask of me all that mankind, my children, needs.

My children, be at peace and I bless you. As the Father, my Son and the Holy Spirit of Love blesses you; your Mother Miriam blesses you. Now, my children, may your thoughts be always with your God and with your Mother. I hope so, my children. I cover you with my Cloak. Today I come with a blue cloak. Blue, my children, for purity.

Our Mother in Monte Faro de Luz.
