Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]

Our Mother begins her message:

"How joyful is my Heart, my children, how joyful my Heart is for all that you have continued to do, "My Work of Love".

My children, I am your Mother, Heart of Mary. Yes, we are already in the end times and my Heart will Triumph but behold: you still have to persevere, pray much and ask of the Most High, my Creator, your Creator for you to walk in humility. The way of my Son is humility. I have already told you that the Mount is very high and you have to earn it. Work, work, my children, for the Glory of God, do not remain stuck at the half-way point.

I am happy for the many Hail Marys that you have prayed, and my children in those places where I have appeared. How beautiful to see my children praying these prayers to their Mother! These prayers, I have taken them up to Heaven, to the Father, my God, your God, and to my Son, so that He may place them on the Heavenly Table. How many souls have been saved, my children, because of your prayers!

My Heart is also sad because many of my children mock, laugh at their Mother, do not love her, put her in a corner, as you say here on earth. I suffer because they are my children too, that is why you are predestined to pray and ask for those who do not love me. Be strongholds of your Mother, strong as rocks which, even if the winds and water come, will not collapse but will instead be fortresses.

My children, you are a group of my Heart. I have already told you that I am your Shepherdess and I am choosing many children, those who want to follow "the way and the Work of their Mother". But this is not by chance, my children, everything is predestined by the Most High to accomplish these tasks. I come here, I go there... Now it is here that I have placed and am placing my Feet. Therefore, do not be afraid, for where I go, there men will prostrate themselves on their knees and

ask their Mother to fill them with love and hope in order to ask forgiveness of their God, my God. My children, do not neglect confession, go often, be silent in your prayers, seek humility there in your corner at home, at work, in the street, wherever you are, wherever you go. Look to Heaven and pray with the Father and ask Him for mercy and clemency for you and for all your brothers and sisters, as you say on earth.

You end the month and begin another, I want you now in this month to tell your brothers, my children, to take the Epistles of my son Paul and Corinthians. I am giving catechism to my little ones, to you, so that you may understand the mysteries of my Son and mine.

Be patient, my children, with one another, love one another, humble yourselves.... Do not desire to be some greater than others - you must give an example of the Face of your God and the Love of your Mother's Heart. I will always be watching over you, you will grow in the group, my children, for this Mission of my Immaculate Heart.

You, little ones, you do not understand it now, but you will soon understand it. All this is a "Work of Love", it is the Work of your Creator, my Creator, who places them in the most remote places so that man may realise that his Mother is watching over everyone.

Do not forget the Way of the Cross, do it every day even if the pain pierces you. Do not forget to take the Body and Blood of my Son, who is Life and Resurrection. Do not forget to pray for my son the Pope and to pray also for his successor.

The destruction of man is at hand. If he does not pray, the world will turn to enter the blackness of the abyss. They are already killing each other out of hatred. They want violence because they do not have their God in their hearts. Today they do not love, many of my children do not love each other and they are destroying each other. As I have already told you, children do not look at their parents and parents do not look at their children. Mothers do not want to have their children, they want to abort, and they do not want them.

Oh, what pain my Soul feels and what sorrow these little ones give me, why are they like this? My children, the wickedness of men and pride bring about these events because they no longer love, they do not wish to know anything of the Divinity. That is why you, my children, little ones here and there and elsewhere in the world, I tell you to be strongholds, to keep your candles burning,

to keep your souls always filled with love. Come to me and I will place my mantle upon you and my Hands will embrace your souls so that you may stand firm in the world. To all corners of humanity carry my Heart to my children.

My children, I thank you because this is how I like it, that you say "yes". Do not be tormented by the difficulties you have because they are also tests of the Most High and, if you go with love and a smile, all is good, my children, and you exalt your souls in the Lord, your God and my God.

Now, my children, get down on your knees and kiss the ground in humiliation for your sins and for the sins of the world. I will always be present here in this place for this Place is Sacred. Here will be my Immaculate Heart - soon the world will see that here will be placed my Banner of the Heart of Mary.

I, your Mother, love you and souls will come here to this Place to pray for the whole world. Today you do not understand, my little ones, but the "Work of my Love" is already here. Children of my Love, seek your God, expand your hearts for your God loves you and all the children of the world and I, your Mother of Sorrow and Mercy, bless you and tell you that the second week of December be here, praying with my Image of Heart of Mary, my Love.

I bless you, as does my Lord Creator, your Creator, God the Father, my Son of Love, the Sanctifying Holy Spirit, Your Mother Miriam, Heart of Mary..."
