Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]

That day, all the attendants, just before Our Mother gave her message, could contemplate the sun dance miracle.

My children, my little ones, enjoy the events that my Heart and My Son's Heart bring to the world so you and others in many parts of the world see that I, their Mother, your Mother, is presented in every place of the world.

This is my Home, Beacon of Light, Light I give, Light you take and Light you will be if all of you, my children, come here, to this Mountain of Love, my Home, with Me. I will give you the Light for your souls.

My little ones, my children, peace have in your hearts and light of My Light in your souls.

Little ones, you are entering in the period of Advent, time of penance, of call. Yes, my children, my Son is again in the earth and comes with all his Majesty to give Light to the people and people still reject Him, they don't want to see his Light. You, my little ones, you do know what is the Light, that's why you are here, my little ones. I'll give thanks and I give thanks to all my children with that pure heart. Pure, my children, because you, all of you, for Me, you are pure, although you are sinners but you come to my Feet and to my Heart to enter in my Immaculate Heart.

Ask a lot for those ungrateful daughters and sons that are confusing others, humble and simple. Ask for the world conversion. That's why I come to the world, my children, so everyone could be saved. But the filtration of Satan, the infernal dragon, doesn't allow my children to come to my Son of Love and to my Immaculate Heart. That's why, you have to do penance, the fasting, my children. The world needs fasting and penance, perfect prayer, Tabernacle, love.

Walk, my children, with the Word of my Son and my Messages, to your brothers and sisters that are silence and don't want to see. Ask, my children, for the faith for all your brothers and sisters.

As so many times I've told you, my children, this place would be big, it is already, because you, my little ones, you are big to the eyes of My Creator God, your Creator God. My children, come to this place, with Me, to pray and ask for those who don't, my children. Ask also for Spain, Germany, France, Italy and also, to my love Portugal. You are going through a big human crisis, that's why I come to give you encouragement and to tell you that the human being can destroy the body but not the soul, my children. I bring you under my Mantle, to all of you, as well as all my sons and daughters of the world that love me. I will save them from the penury, wickedness, iniquity, arrogance, misery.

My children ask a lot to your God, my God, to remedy and to create peace in the world. 2060, my children, 2060! But before, you will see so many things in the world! But you shouldn't be afraid because you are under my Mantle, my children, you are with Me, you are my "herd" of love.

Perfect yourselves, my children, in the lecture of the Bible, the Gospel of my Son. Hence, this month I would like you meditate Isaiah.

Look for my Son of Love, look for Him. Do a tabernacle in your hearts so my Son of Love always enters and stays always with you.

Be strong, my children, take the lights turn on, the lights, because the man is restless and overstretched due to the wickedness. But they don't know that difficult times are coming. Woe to those that will have to live those anguish moments! My children, you, always take your souls clean, your heart clean. Confess more often; go to the Temples where my Son is waiting all of you, to talk. Dialogue with Him. You'll see what happiness you will have when you are with Him.

My children, Beacon of Light is Temple of the Trinity and to you, that you are real priests, I ask you that you go across the paths and talk about my Son and my Heart, that soon will succeed, everywhere you are. Yes, my children, but before so many things will come to the earth... The

man will not want to stay in it. Don't be afraid, my love children, because My Son and I will always be with you.

Convert daily, every minute and every second of your life and always say: "My God and Lord, You created me for You, You are my whole, You take me and bring me where You want. I want to be bulwark and bring always in my heart your Love aroma, because without You, my God Creator, I am nothing."

Yes, my children, He is your Creator, as He is my Creator. I tell him in my *Fiat*: "Behold, I am the handmaid of the Lord, thy will be done, according to the Almighty, my Creator". The Lord gives us a hundredfold. Yes, my children, He also gave it to me. How won't He, if you are also sons and daughters, as I was Daughter? Hence, do never forget that your God loves you and wants to have you always in His Heart.

My love children continue praying, coming to this place. And you, my children, that you already chose this place, do everything, do all what I want. But be together, my children, be very united, because Satan enters through the senses and wants to disrupt all Heaven work, and this is a Love work. My little ones, be all one, as I told you, in my Son of Love, your Jesus, your Master, your God.

Think my children that my Son came naked to the world, and naked returned to Heaven. Think, my children, in the world poverty, in your brothers and sisters that need your help. Don't forget that brother or sister that is behind you, that needs a love, eat, a dialogue, a dress, a house... Everything you own you have to share with the helpless, with the poor, as my Son did it in the earth when He was with all of you, because He is always. Do it, my children, because if you don't love that one that you see, how are you going to say that you love your God that you don't see? Unite in charity, in love and in friendship. In that way, my children, I want you to be my love children.

And now, my children, I'll give you the blessing but, as always, my God and Lord Creator Father, your God and Lord Father, my Son, my Holy Spirit, my Husband, your Mother Miriam, Heart of Mary, Beacon of Light, Beacon of Light.

Goodbye, my children, goodbye my little ones.

Now Our Mother address the seer:

Yes, my little one, I also tell you: "Change your heart, make the smallest of the small and give love wherever you are, although the pain drills you and makes a Cross in your soul. You are chosen for the suffer of my Son's Nails and, I, as Lady of Sorrows, I give you a bit of Pain that I have in my Soul so they can save the world with your pains and the pains of so many children for these needs.

I am Solitude of the World, I am Distress Mother. Today, my children, you see that I come as Sorrow, crying for those many things that happen in the world of terror, hate, lies... And my Son and I suffer because we want to save them. My little one, continue as I want and my Son wants.

The seer talks to Our Mother:

Mother, so many children of yours come here and tell me to ask for them. You can do everything, You can do it. Mother, allow them to see you in their hearts and that they feed and go happy because You have given them Light in their souls. You can do everything, Mother.

Our mother addresses again the seer:

Yes, my little one. So many times I have told it: the water of the stream heals, and some will heal the soul and others the body. Miracles I've maid in this place and out of this place with the water. Some recognise it, others are still slept seeing the Miracle. My children, take the water with you, take it.

My little, continue loving me and doing those penance that please me. Goodbye, my son. Goodbye, my children.

Our Mother from Monte Faro de Luz.
