*Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]*

---

My little ones, my children, May you have peace in your hearts and the Light of my Light in your souls.

Meditate **EPHESIANS**, my children, the readings will serve your hearts, to know more about my God, your God; do it, my children.

Today my children I want you to ask a lot for the Church, for your Church; yes, many of my children, not all, are making a schism to overthrow your Pope, my dear son Francisco. Why is man so evil? Freemasonry has entered the hearts of bishops, cardinals, and priests. Why are they after holiness? Why do they go against their Creator God? If you're God, my God, makes everything good, he loves you all the same, why can't you have a clean, pure heart, why won't you worship me? Son, your God, in the Tabernacle? How much pain my Heart has and how much pain my Son has! He dies for all of you and for all those who will come, for sins he comes to save the world, the world does not recognize him yet, will there be faith in the world when he comes back? I suffer and cry a lot because so many of my children that I love are condemned for sin, for pride, for avarice, for power; What gives man to have power, if in the end they are going to go to earth, they are going to die and later, my children, where are those who do wrong going to go? Who hate their brother, who kill their brother, who is envious of his brother, who criticizes his brother, who blasphemes his brother.

My children, you already have a teaching from my Heart, the Messages that I bring to Faro de Luz for the whole world; Make yourselves small, like a small child, because in this way you will enter the Kingdom of Heaven. My Son takes great care of children and if you become small he also takes care of you.

Have neither quarrels, nor anger, nor grudges with each other. The war has already arrived, my children, family against family, parents, brothers, relatives, brothers hate each other for a small inheritance or something similar and they crucify themselves. Why can't you be good? And if you

are truly children of your God, my God, it will not matter what the other takes; do not be equal to the one who is evil, set an example to the world, set an example to yourselves; Look, a soup is worth more, as you say on earth, than a thousand euros, if that soup comes honestly to your souls.

Do not be envious, fill your hearts with the Love of my Son. Today again I tell you: go to the temples of my Son, talk to him and adore him, love him; so many temples are already closing because Satan is closing them; Satan does not want God and is doing everything possible to make the churches, the temples of my Son, sink; and also those who sometimes claimed to have faith, today have ceased to have faith, because of pride, because of the self, because of selfishness. Be satisfied with what you have, and ask your God a lot, love, love, love with each other, as I have told you so many times and say to you now, if you are with my Son, your God, He will give you a hundredfold; Yes, do not want more than what you have, to possess more than what you have because, look, those who have, already have it, but what account do they have to give to my God, your God; He who has nothing, who lives from his work and his sweat, he has earned the House, but he who has a lot and does not do well with the goods he has, that does not do well and that one will go to Hell.

Yes, my children, take care of each other, and whoever has, let him distribute to those who do not have; don't worry because if you give they will give you more; but man is selfish and wants everything, everything for himself; no, love each other, love each other, as I love you; If I bring you here to Faro de Luz with these Messages of love, also to the whole world, I want you to take the teachings that I give you, in order to win the Kingdom of Heaven one day; and I tell you once again that love is paid with love, and my God, your God, my Lord will pay you for I would add. My children, wars will come, this will end, but then they will come, man will kill man with bullets; Yes, I have already said it, with nuclear wars, it is very close, my children, everything that my Son said would come, his second coming, but before these things that you are seeing would come; Today you have seen the work of man, bad, perverse, because Satan is putting in and putting, as you say, he puts up to the leg, up to the neck to annihilate good people; That is why I tell you, ask for those bishops, cardinals, priests who do not love that Pope and are annihilating him from behind, and also for so many priests who hate the Pope, who criticize the Pope, who hate the Pope; That is not the work of God, my children, that is why I tell you here for the whole world, that you ask for them so that they see the light again, because my God, your God, gave them the vocation and they said yes, but then the The world attracts them, drags them, and they are also evil because they want the power of their bodies. My children, I cry for them and I ask you to ask for all of

them, be understanding, my children, be simple and humble, thirst, my children, my children that I come to tell you to ask for all humanity, for the conversion of the man, of my children.

Yes, my children, I told you a long time ago to kiss the soil of the earth three times, today I want you to do it for these accidents in the world, for these viruses, for those children who have given their lives and are giving it and They will give it, kiss the ground as many as you can three times, in the name of the Father, the Son and the Holy Spirit, do it, my children, I want you to do this because humiliation is what leads you to the treasures of Heaven.

Have nothing, share as I told you at the beginning with your brothers. I made Bernadette kiss the ground and they treated her like a madwoman and a source of healing came out, and here I am healing the body and the soul, how many healings there have already been !; But you have to be brave and come and say it, because when a Mother appears anywhere in the world she always carries a miracle with her for her children and here there have been many miracles, but there is silence, and you don't have to be cowards, you have to tell the truth, what is happening to you, what has happened to you and what will happen to you in times to come.

I love you very much, my children, and I thank you because you are here in these difficult days; but look, you are united and from here no virus will come out because I am loving you, loving you and I am with you always, my children. Go to the Tabernacle, go to my Son, ask Him, tell Him that you love Him, and to Me, to my Heart here present, ask Me everything you have to tell Me that I will heal you and I will heal you; and I will tell you something special in your hearts, but come with repentance, come, my children, with prudence and a clean heart, my children, always saying: "Praised and blessed be my Lord, because You, Lord, were the one who created me for You and I will not stop looking for you until I find you ". He will come to you, yes, my children, he will come to you whenever you call on him.

And now, my children, I bless you and tell you that I come dressed in white today, because this week there have been many saints, the Archangels Angels, the Guardian Angels, Saint Francis of Borja today, Saint Francis of Assisi tomorrow, etc. . etc. because here the Celestial Court is with Me, so many saints, especially today the Holy Apostles; a hug, my children, a kiss, and I bless you, but first of all, my God the Creator Father, my Son of Sanctifying Love, the Holy Spirit my Spouse, bless you all, my children, and I say goodbye, little ones; keep walking and do not be afraid because where my Son is and I am, we wrap you with our Hearts and I extend my Mantle

to all of you who are here and to the whole world.

Goodbye my children, goodbye little ones, goodbye children...

***Here the Mother talks to the seer***

My son I know that you always ask for every Lighthouse of Light, and I know that you pray a lot and pray a lot and sacrifice your body a lot for all who come to this Holy place where my feet are, where I am, and I today, Some from here will be healed of their body and also their soul, keep coming.

My little one, “worm”, always be humble, don't care about anything, the world does not exist for you, only what exists for you is the Tabernacle, the Body and the Blood of my Son; continue like this, my son, because that is how we love you, do not be afraid of what they may say and happen, we will always be with you until the end, do not care about the disease or the pain, because even if the pain pierces you and makes a crucifix of your body We will relieve you and we will be with you; do not have pride, my son, do not be unfaithful, be sincere, obedient and humble, so we love you and so be it, my son
