Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]

My little ones, my children, May you have peace in your hearts and the Light of my Light in your souls.

Look, my son, today I come in blue, I am your Immaculate Conception Mother, Immaculate always; for many men nothing. Love me as I love you, my children, because I always have you in my Heart. Love my Son with all your being; He is your God, He is the one who saves you, He is the one who loves you and loves you and has you all in His Heart; Pray for those who do not love him, for those who do not love him, for those who hate him.

You, with my Heart, have to save most of the world, you have to pray a lot and ask a lot for the wicked, for the ungrateful, for those who do not want to love.

It has been a long time, my children, when one day I told my daughter Jacinta: "My daughter, fashions will come to the world that will bring wars, hatreds, when women, my daughters, put on men's clothing, and men also wear put on women's dresses ", and this has happened and the world has not wanted to recognize it, nor the Church either, that is why so many calamities and so many evils happen in the world; the man has become effeminate, the woman does not have decorum in his heart, and today it is happening and they do not recognize it and there is still that chaos, as you say, anything goes, anything goes; the woman's decorum has to be perfect, the man's decorum has to be perfect.

Who do you love, my children? Do you love the Divine or do you love the Devil? The Divinity is your Creator, He prepares his children, he is preparing his children, he always carries them in his Heart, but man does not want to look, he wants his tastes, his pleasures, "we do not know that God, why we want?" It is better to be for so many things that satisfy the body, money, binges, drunkenness, also the sin of the flesh. What a shame my children give me! Because look, in Heaven my God Father Creator, your God Father Creator, my Savior Son, the Holy Spirit, my Husband and your Mother, I, we see all the sins that man does, That is why we cry, we are sad, because my

children do not really know that they also go to the Temple and love me, that they say they love me like my Son, they do not do what they have to do, and they always seek sin, they always seek the sin, and my children, between sin and virtue, they remain with sin, lies, deceit, jealousy, envy, grudges, wickedness, speaking what they should not, my children, and you have to be prudent now, that My messages that I give you is for you to imitate them, not to corner them and throw them away. Is it difficult for you? Yes, my children, because you are human; but look, every time you are going to fall, look at my Heart, only the smallness of my Heart, how I was as a small woman, as a large woman, it has always been, "Your will be done."

The Devil wanted to enter me, but with my prayers and my love for my God, he did not enter, and you can also do the same, when there is war, put peace, when there is no light, put light, when you are going to discuss leave, withdraw and pray for this person, whether he is a husband, or a son, or a friend, whoever he is, do not get into those rags, as you say on earth, because there if you two or all three of you get into it, it is the Devil who wants divide you, he wants to take you, if not one of you, because the two of you confront each other in the same situation; put love, light, hope; ask a lot from the Heart of my Son and from my Heart; silence, how many times have I said it! And now that I say silence, do you remember that I told you several times that one day a week you have to have silence; This is how the heart is molded, my children, doing the things that Heaven commands you; but no, no, you are not for the work; It is not praying, my children, it is practicing it, carrying it in your hearts and communicating with others, with your brothers and sisters, your families; do not put up any quarrels or grudges, because that is not how you go to Heaven, my children; How many times have I told you, to Heaven goes purity, purity, not the triqui triqui that you have in your hands, that he has told me, that if I say, that now this, that now the other, that now I defame; no, I mean it without meaning to, it is a white lie; no, my children, these things do not enter into Heaven; all pure, and you have to move on now, time is short.

My daughter Conchita has a secret, it will open soon, and I am going to tell you one more thing, it will be a Thursday, a saint of the Eucharist; and be alert humanity because it is at the gates of what is going to happen in the world, that is why you have to ask a lot and pray a lot and be in grace, always in grace of your God, my God.

Beacon of Light, my children, I tell you all, even if I am not there with you, all, some will be, humble yourselves, be humble, seek the aroma of your God and the aroma of my Heart, We will always be with you, because you want us to be with you, and we are faithful, my children, because

we are your parents.

Love your children, your families very much, you are in Advent, my children, and you remember that I have told you several times that on the day of the Birth of my Son, put some candles and the Mystery on the table where you are going to dine. But look, remember when you eat the one who does not eat, the one who has nothing; don't be lavish to have those lavish, scandalous dinners when the world is starving.

My children, prayer, penance, sacrifice; when you eat, remember those who don't eat, those who don't have clothes, those who sleep on the street, and those who don't have anything. My children make alms; yes, because you remember that I told you the other day, that widow who gave everything and was left with nothing, and those who had a lot; My Son said, "They are useless, this woman is a true daughter of God.

Let your faith be seen, my children, let it be seen; yes, my little ones, put the candles on your tables, and remember and pray and talk about my Son; That Night do not have a bad taste dinner, of fights, of these things that you sometimes take out without having to take out, the bad vibrations of your hearts; that if you that if I, that if the inheritance; and I speak to you as your Mother who is here on earth, as another mother can speak to you. I am telling you to be sincere, those of you who follow your God, my God; He does not want half measures, He does not want grudges, hatreds, lies, or deceptions; because he sees everything, my children; you are fooling yourself if you do these things wrongly done, do not be hypocrites and take off your masks.

Look, I have told you many times, Satan is within the Church, the Masons, many Masons are in the Church, even in my favourite children, they want to take over the Church, as they are taking over, what you have now; The Devil wants to annihilate the Church of my Son, your Church.

But you have to be strong and you have to pray, ask and pray, but really; Get on your knees and say to Him: "Lord, separate us from all evil and always come and seize our poor hearts, because You created me for You and I want to be Your son or your daughter."

Yes, Arturo, José Manuel, they are already with the Lord in Heaven; and you, my daughter, ask me about Valeriana, pray, too, she is also in the Abodes.

My children, you have patience and keep asking for yours, many of yours are also already with the Lord, my Lord, your God and Lord, my children.

There are many seers in the world, but you have to pray and ask a lot for them, because sometimes they start well and end badly in the end; That is why ask for this poor "worm", your friend, your brother Julio, because so much is given to him, but if he does not bring the knowledge and what my God, your God, gives him and does not do it, he does not fulfill it, He will also be exiled from Faro de Luz; so encourage him, help him, and may you always have a prayer for his heart; yes, my children, do it, because he also needs you.

I am Lighthouse of Light in that Mountain, I came and I come, and I told you that in the end it will open soon for all the children of Lighthouse of Light to enter, the real ones, so that you have no fear, and when the storms pass you will go out to the Light with a new life, because the Miracle that men desire so much will come, my Son of Love will come, but not yet, because the children of Israel, the Jews, will have to say: "blessed is he who comes in the Name of the Lord ; " and there is still a long time to go; but there will come times as I told you, the days of darkness, the Miracle, which many of you will see there, when I tell my daughter Conchita, my other daughters, that it will come, all from God; but first, misery, rot, my children, war, nuclear wars; those who say peace, and are making war; I have also told you that parents will not love their children, nor children their parents; so it will be and it is, and man will be struck down by himself when he sees those events that are coming very soon, that are already coming to earth; But bear in mind, my children, that the world will be destroyed with fire, with fire (here our Mother begins to cry). Yes, my children, woe to those children of mine who do not want to seek the Treasure of their God! Woe to those children of mine who so loved and love them and want Hell for all Eternity! That is why I tell you, my children, alert humanity! Be alert, my children; Ask your God very much that these events do not come; if you really pray the storms will calm down; But the world is going badly, even the Church of my Son, oh when this generation is over, what will become of my children who come after, who do not love or want their God and their Mother! Because today, you know, you ask young people and you ask them about Jesus, their God, "I don't know him", you ask about his Mother, I, Mary, "Who is that lady, I don't know her?" That is what you have done, my children, many of you, because you have not prayed and you have not been able to communicate to your children that He who is God is All Creator of everything (here stop crying), and you, because your children have everything, you give them everything, have everything in your power; You have kept silent about not saying anything to them, because you, my children,

just by praying for them, you have wanted them to do whatever they wanted; badly done, my children, you have worried that they have good careers, good salaries, a lot of money and you have done badly, because first it is God and then the rest, therefore, my children, conform to what your God, my God, gives you on this earth.

Love each other, love each other and live in poverty; I have told you so many times, in poverty, and what is left to you, my children, do not keep it in your hearts; at the beginning I told you to do alms, to share with those who do not have; I want to tell you, my children, that I am not telling you to give everything, because the world needs, because right now as here in this Little House of Prayer, heating so that you do not get cold, food, to pay what you have to pay; But behold, give to God what is God's and, as my Son said, to Caesar what is Caesar's; And I will always say, God first, God last, so I want you to go around the world, happy and joyful, singing the Hallelujah, thank you Lord for what you give me and what I have, and I ask you especially for my brothers who do not eat, who have no bed, who have nothing; Lord have mercy on everyone, and give me a clean and pure heart so that I know how to bring the love that You give me to my brothers and share it with them as well.

Ask a lot for the priests, ask a lot for my favorite children, ask a lot for the bishops, there are many who are against each other in wars; That is the end of time, because the Church of my Son is reeling for some favorite children who do not know how to carry love; you who are here in the whole world asking, praying and praying, pray for them and ask for them.

My children, I say goodbye to my children of Faro de Luz, I give you all kisses and hugs; Come, with my Mantle I clothe you all and give you my blessing; But first, as always, my God the Father Creator, my Son of Savior Love, the Holy Spirit my Sanctifying Spouse, and I your Mother Miriam, Heart of Mary, Beacon of Light, Beacon of Light, Beacon of Light.

Little ones, do not be afraid, do not be afraid, the fear is of the Devil, and when the fear is of the Devil, it is because you, your consciences are not clean; Get rid of all this and get closer to your God, because He who saves you, He who loves you, and who in the end will take you to the Celestial Abodes.

Today, my children, there is a saint here that you love very much, that I have never named her, almost never, my children, Rita. How much Rita suffered! How much my daughter Rita suffered,

how much! With the husband, with the families; but she, always selfless, with love, made her husband convert, you see?

And you have to do the same, to those who have by your side, son, daughter, husband, and wife, friend, who nag you, who give so much harm, do well, and ask for them. That husband is already in Heaven, also because he saw the Light. My children, learn from the messages that I send you and that I give you.

Goodbye children, goodbye little ones, goodbye little ones...

After the Message, our Mother gave Julio a vision to transmit to us, he began to speak and said:

San Pascual Baylón has come with a very large Chalice and a very large Host, with a lot of Light and many sparkles, and all the saints on their knees, Julio asks, are they already sanctified in Heaven? The Mother tells her, God is.

There have been many saints and saints, Padre Pio who carried in his hands, carried his blood that he offered to all humanity, because my Son gave him the stigmata and that blood is venerated in Heaven, also by the Saints, because the blood is from my Son "Mother when will that beautiful day be", _ son a Eucharistic Thursday, with Pascual Bailón, so it will be.

But you have to ask a lot, do penance, pray for sinners, my children, implore forgiveness.

Keep walking son, do not linger, be strong, step on the disease, look at Heaven, because you, little "guanánico", are our little one, like so many little ones in the world, love everyone, love everyone and always come to the Tabernacle of my Son and my Tabernacle to always take the Light, the Force so that you walk through the world.

Transform yourself, my little one, into Love, for Love, I love you, my son.

Our Mother in Monte Faro de Luz.
