Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]

My little ones, my children, may you have peace in your hearts and Light from me Light in your souls.

Meditate **MARK**, my children, in this way you will know your God my God more every day.

Today I also come dressed in black, so many of my children dead, for one reason or another; Ask a lot for the dying, my children, for those who are going to give their lives, they need your prayers so that at the last second they say: "Lord, my Father, forgive me all my sins, save me my God."

See, the world is corrupted, as you know and see; in the time of Noah, men got drunk, hated each other, loved, as you say on earth, the sin of the flesh, miseries, and my God, your God, struck down; then Sodom and Gomorrah, the same, sin of the flesh, the wickedness of man, pride, lies, hatred, my God your God struck him down.

Later, my children, Moses, my God, your God, on the Mount that gave the Laws to save you all, it took a while, and already man began to worship the Golden Calf, wickedness, meat, pride, power and hatred, and there too he was struck down.

And now, my children, man is worse than before, man is already exorbitant to go to Hell, he does not believe in his God, they turn his back on his God, he lives comfortably in his whims, in his greed, in his "self", And does not look at the one who is next to him, the poor, the anguished, the sad, the beggar, the prisoner, the drug addict, they pass by because only they want to live their lives of pleasures and comfort Where are you going to stop, My sons? That is why I say to you today: "Pray many rosaries, because this prayer to my Heart I take to my Son and my Son takes it to the Father and He with these rosaries will save many children and convert many as well."

Be simple, always enter through the narrow door, do not have so many things that are not worth anything later, know that I have told you many times that purity goes to Heaven, no gold suits,

dresses, furniture, so much that you it satisfies you on earth and you like it so much; remember, my children, when my Son came into the world, in that block, with nothing, God of Love and Loves, even in that my Son set an example to the World, and yet the World has not understood the Light that my Son brought.

I have pain in my Heart because so many, so many of my children, are destroyed by lies, hatred and above all, my children, the denial of their Creator, my Creator.

Elena, Maria Inés, they are already in the Celestial Houses, tell your sister to pray for her healing. Julio, my son, you are already in a great place, you suffered so much! But my God, your God, already has it in his presence.

Also the crematoria that the world talks about so much. Pay attention to the Church, what the Church says, do it, the Church is my God, your God, that is what you have to carry forward, the Church is a Holy, Catholic, Apostolic and Roman, led by my son, Today the Pope, pay attention, love the Church, love the Church, my children.

And you begin to be humble, do not criticize or speak ill of each other, help each other continuously. I come in black as many times, because you, my children, do not know how much massacre there is in the world, killing my children, your brothers, Christians, Catholics; but I have already told you that they are martyrs and are in Heaven.

You have to seek Heaven based on humility, sacrifice, penance, taking away things that hinder you; do not look for yourselves, discard everything that hinders you, my children, and take the teachings of my God, your God, who is Love; if you give love, you will have love, you will enter the Kingdom of Heaven.

Ask a lot for your churches, for all the components, your brothers, who being afraid do not go to the churches, and that fear is of the Devil; The churches had to be full, my children, especially Catholics, Christians who love my God, your God, because in the church, my children, there is the Divinity, my Son is waiting for you, why don't you do it, What do you have that laziness and you are not brave, do you think that your God is going to hit you with the virus, my children, or other diseases? That is the ignorance that man has, because man has to die one day or another, when my God, your God, who created you, tells you, and He will take it away.

My children, be humble as your Mother is humble; I am speaking to you as a mother speaks to her children on earth; I am the Mother of all, and I come to save you all, that is why I appear throughout the world with these teachings of love so that you can study in your souls the content that I bring to earth. Meditate on my Messages, my Messages will always be Love, Love, because the teaching comes from my God, your God, and I am the last person of the Trinity, and I am with my Lord Father, my Son of love and the Holy Spirit, my Husband, I am always with them and they make me understand everything, my children, I see everything, because I am this person who was generated by the Holy Spirit God, the Son, my Son God and my Creator, my God, that is why I am with them, and I tell you once more, my children, to take the Gospel to the world, do not stagnate, talk about my Son, it is time for the world, the world needs my Son to be with everyone. But look, men are malicious, man is full of Satan and does not allow them to discern and they go to the comfortable, to the drunkenness, to the lusts, to the rottenness.

Mothers, teach your children the love of your God, that love that you have taken and have to share; speak of my Son to your children, to your grandchildren, do not stagnate, do not believe that you are saved by praying, and praying, and praying, my children, if you do not fulfill the mysteries they have given you, it is worth nothing; love with love is paid, and my Son gave his whole Life, he died for you, and you have to fulfill that Cross, which is work, as you sometimes say; that weighs on you that cross that you do not know how to carry it, you have to say to him: "Lord, this Cross, the one you send me is small compared to the one you had and the one you carried."

Are you afraid of illness, are you afraid of death? Do not be afraid, my children, what is a hundred years, sixty, forty, nothing, all Eternity is what is worth, save you my children, with confession, an act of contrition, take my Son, always go to Mass like you say, to the Temple, talk to my Son who is waiting for you; It gives me great sorrow and pain when I see the Churches of my Son almost empty, because you are afraid, afraid. What are you going to say, my children, when you are in the presence of your Creator God, are you going to say that you have been afraid? My children, reconsider, men and women of love go to Heaven; seek and you will have, knock and they will open you, go through the narrow door to that Cross that is on the Mount, waiting with open arms for all of you to enter the Heart of my Son and my Heart.

Soon our Hearts will triumph, soon will come, my children, what is written and what has been said; the days of darkness are near, very near; that ball of fire that this little boy said many years ago was coming slowly, but quickly, is close, although scientists do not see it.

If man does not get down on his knees and ask for forgiveness of his sins, this will be terrible, because the punishment will come to the world, because man does not obey the call of his Creator God and you who are here, just a few, but you do much quantity, you are listening to your Mother and she blesses all of you; Take off your masks and start making love, live in love and give love, take off everything that hinders you, which are many things.

Do not have wealth, love poverty, live in poverty as I, your Mother, lived in poverty, but, my children, I loved God so much, my God, that He compensated me for all my suffering, my sorrows, my joys; I always carried my God in my soul, how great is my God, how great is your God! If you only knew, my children, what Heaven is! But you have to look for it, slowly but quickly, because time passes and Hell is also lurking, because the Devil puts obstacles every second of your lives; take the Rosary, my children, as I have told you before, pray and pray the Rosary and meditate that your God is your Savior.

My little ones, children of Lighthouse of Light, children of the world, hurry, run to the Temples, look for my Son Jesus, He is waiting for you, my children, to be happy; talk to Him, talk to Him: "Jesus I love you, Jesus I love you, Jesus I love you, Jesus I love you, Jesus I love you"; say it many times a day, and also say: "Lord bless me, have mercy on this poor sinner, forgive me and have mercy"; yes, my children.

And to you, son José, you know who God is, your Father, your everything, imitate him, never say no to the things you have to say yes; I give you strength, you know that I love you, you know that I follow your steps; Make yourself small and humble, and keep walking in what my God, your God, has put you on the path. Keep going, little one, because the more you get off, the more Heaven you will have; This, my son, I tell you because I love you, as I love my children all priests; I also ask the whole world to ask for my favourite children, starting with the cardinals, ending with the priests and all the clergy; Pray for all of them, sometimes so lonely, very lonely, but with your prayers everything will be more bearable.

You, my children, always have to say "yes", do not be afraid of anything, neither disease nor death if you are truly in the grace of my Son of Love.

Now, my children, I give you my blessing, but as always, God the Creator Father, my Savior Son,

the Holy Spirit my Sanctifying Spouse and I your Mother Miriam, Heart of Mary, Beacon of Light, Beacon of Light, Beacon of Light.

Pray for the dying, for all those who are dying and are going to die; ask for your families, ask for the whole world, ask for Faro de Luz, it is great, it will be great, and I will always be with all those who say: "Faro de Luz I love you".

Goodbye little ones, goodbye my children, goodbye...

Our Mother in Monte Faro de Luz.
