Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]

My little ones, my children, may you have peace in your hearts and the Light of Light in your souls.

Keep meditating on my son **JUAN**.

Today I come dressed in white, my children, there is joy in Heaven and also on earth and in those who love their God, my God and my Immaculate Heart.

One day my Son presents himself to that father, your dear father, Father Hoyos, my Heart will triumph, there is less left, the heart of my Son and my Heart will triumph, immediately afterwards there will be harmony and peace in the world, but then it will enter and come The Antichrist will revolutionize the world, the world has not yet found out about everything that is going to happen. Ay San Andrés, California, France, Spain, Germany, all of South America!

You have to pray a lot and ask your God a lot, my children, what can calm all these events? If man does not stop sinning and doing evil with one another, all these things will come.

I already told you recently that the earth will shake, it will open and millions of people will fall into the abyss, and others will be carried by my Son and I, those who have fulfilled and are fulfilling the Commandments of my God, your God, who gave him one day to Moses.

My children, you are on time, pay attention, go to the temples, tabernacle, my children, do not be lazy. Who is more than God, my children? He who gives you life, He is the one who takes you, do not look, my children, these things that you see in the world: have and possess, that is your world. Your God, my children, if you truly believe and love your Creator, my Creator, you have to fulfill what is in the Commandments, which one day, as I have said, was given to Moses.

Little ones, time is pressing, confess, humble yourselves, love each other, as I have always told

you and I tell you once again, parents, love your children, children, love your parents, wives, love your husband, husband, love your wife. ; yes, my children, that is love, if there is no love there is nothing, pride has taken hold of man, that is why many heads of government say they want peace, but it is a lie, my children, it is the Devil who is within them, those nations abuse and mistreat their children that are opening a channel to those good little souls because power corrodes them; the Devil has entered them and they do not allow the little ones to be holy and good. God does not exist for them, my children, you have to get down on your knees and ask a lot even for those who do harm.

Yes, look at my Son as he was in the moments of death, they crucified him, they overwhelmed him, they slapped him, they nailed that crown of thorns so painful, when he dies, he dies for all of you, in silence and in love and He wants you to imitate him, my Son wants holy men, strong warriors, courageous and also with love and charity, as my Son came and gave to the world; Be holy, my children, he already says, as your Heavenly Father is Holy.

I appear all over the world to many of these my "worm" children, here to several, to this "worm" in Faro de Luz, now in my House of Love and Prayer, because you have a virus inside your bodies that it doesn't let you do anything; But look, you have to take advantage of that and not stop going to Church, my children; go to the Church, bow down before the Tabernacle, before my Son and ask that this virus end.

Yes, my children, think that the Devil, Satan is on earth wreaking havoc, that is why I tell all of you to ask your Angel of Spain and the other nations to his Angel, because everyone has a defending Angel; do not get tired, my children, of going to the temples as I have told you, because the day will come when you will ask for a temple and you will not have it.

Man is turning his back on his God, but I want you, my "flock", my warriors, to be strong and take the Gospel to the world, to your children first, to your families and then go and say that your God is with you always; always remember my Son Jesus and his Face, seek his Face, love his Face and tell him: Jesus, here I am, I am nothing, I have nothing, nor do I want anything, the only thing I want is your Love, come to my heart, widen my Heart and give me your Sweetness as You are sweet for me to give sweetness to the one who is by my side, I want to be pure for You, Lord, because You created me and I want to be with You in the end you have prepared for the end ”.

Ask a lot, my children, to my Heart, remember, I have already said it many times, I gave a message to my daughter Jacinta, when the man is not a man and the woman is not a woman, that they dress like men, the world comes too fast for destruction; That is why I tell you that everything is very close, very close, the days of darkness are near, the silence of the Church is already there, priest against priest, bishop against bishop, cardinals against cardinals, many of them are at war; but I tell you not to criticize them, love them and ask for them, because many of them are alone and sometimes they don't even know what they have to do; Therefore, my children, my little ones from Faro de Luz and the whole world, respect your priests; And once again I tell you to ask for your Pope, as criticized as he is, men do not know that he is appointed by the Trinity to be Pope on earth, they do not even understand the bishops, the cardinals and the whole Church, they do not understand who is the Pope; respect him, love him and do not criticize him, criticism is bad, my children, and you do not have to criticize, neither of the Pope nor of yourselves, but you have to bring love, that love, hope, sacrifice come from your heart, Mercy, light this is what my Heart tells you this afternoon, follow your God, love your God, love my Son Jesus, my children, and always place yourselves in the priest's Chalice when he officiates the Holy Mass To all your families, to your friends, those who are far away, to the migrants, and do not criticize them, put them there because they are the Father and God of all, not of a few; and you take off the "I" the "ego" and be humble, do not seek pride, because pride does not enter Heaven, my children, as I have told you on other times; that it is worth to a man to have and to possess if he is going to leave everything, and then what is the soul, there do not enter junk, neither money nor jewels, nor clothes, there goes purity and you are on time, my children, to seek your God and have him in your hearts.

Many parents want their children to have everything, work, money, apartments as you say on earth and they do not speak to them about the soul, which is the most important thing, my little ones, if the soul is empty and does not have its God inside, What good is it to them so much and so much if in the end they are going to go to Hell because their god is the things of the world ?; That is why you seek and love poverty and love poverty, and do charity with those who have nothing, with those who are crying for a piece of bread; If you have and do not give it, you are going badly, my children, bad very bad, because you are not doing what my Son said on earth; serve, love, give, love, strengthen one another, whoever has to share, do not be greedy, my children; The one who has two than one, and the one who has half than another means, because Heaven is all Eternity, you will be happy, my children, when you are there, it is not about these things on earth; leave the world and seek your God, and as I always tell you, Tabernacle, Tabernacle, Tabernacle.

Today many saints have come with Me, especially my Husband José, his day, José too, the one who is next to me in this small photograph is also a saint, all Venezuelans must be happy and content. How much he did for the poor! How much he did for the poor! That is why you have one more saint to ask for all those who need God, my God, your God.

And as always, my children, I bless you, as God your God, Lord, Father, Son and Holy Spirit, my Husband and I, your Mother Miriam, Heart of Mary, Beacon of Light, Beacon of Light, Beacon of Light.

Keep walking in love, seek love, always ask that you have a clean heart, because cleanliness is what my God wants, your God, to take you there, to those Abodes, as I have told you at the beginning, so that you may be happy. .

And now you, my children, as the other time that I told you, ask your favorite saints who are with Me so that they tell me to my Heart and I take my Son and my Son transmit it to his Father, to God. .

Goodbye little ones, goodbye my children, goodbye...

Our Mother in Monte Faro de Luz.
