*Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]*

---

My little ones, my children, there is peace in your hearts and the Light of my Light in your souls.

Meditate on **LUCAS**.

Look, I come dressed in green, hope, I want all of you to have hope, do not look at earth, look at Heaven. A great day for Heaven and for you, GREGORY THE GREAT, have you prayed to him, have you asked him, have you remembered him? Well remember today and ask him to intercede with my Father God and your Father God, my Son of Love and the Holy Spirit my Sanctifying Spouse, do it, it is what you have to do in this life, my children; love, give each other, stop quarreling and resentment, the ego, the self, you have to trample that, you have to be clean; become like little children, for there is no evil in them; you have to give your God, my God, all your heart; How many times have I told you, Tabernacle, Tabernacle, Tabernacle and that few go to the Tabernacle, they have abandoned my Son, many millions go to console him, but I want more, more, more, you do not be cold and fill the churches, go there where my Son of Love is, your God: "Lord, I love You, I adore You, I love You, tell me what I should do." But say it from the heart, not from words, the words are blown away by the wind and the heart is the one that commands and if you go with a contrite heart, my God, your God, does not despise it.

Look at what is happening in the world, my children, hatreds, wars, useless massacres, for many valuable, for Heaven martyrs; what pain and what pain my Heart has when men trample the name of my Son, his true God, the Author of life, whom he saves; stay, my children, with the good and leave the bad.

How many children are now giving their lives! But to go to Hell, because they have not loved nor do they want to love in the last second of their lives.

Alert humanity, alert humanity! This is ending, my children, and you who are here as in so many

places where I appear, ask my Son Jesus to come and save you.

Stop being lukewarm, "I'll do it tomorrow", "I can't now", "Now I have a visitor." My God, my God, your God, in the Tabernacle waiting alone; leave all that, my children, and run to your God, because that God, my God, is the one who will one day save you from death, from Hell.

Look, my son is going to narrate everything he has seen and he is going to tell you and the whole world:

- Where are you taking me Mother? (Saint Peter, Vatican)

- Yes, my son.

- Who are those who come with submachine guns, dressed in black, hooded and with the name of the Beast 666?

- They come to annihilate your Pope.

- But how is that, Mother? Are you going to quit?

- No, my son, I have caught him in the wings, in my arms and I have kept him so that these demons, who are men of the earth who come to annihilate your Pope, my son of Love, do not harm him.

- But how do they get in, how do they let them in?

- My son they have great strength, evil has much strength, although they are the henchmen of men who live with Satan, they are doing everything that the man of the lie, the Demon, is telling them,

- But, are you going to let them in, Mother?

- Yes, my son, they are going to enter, they have already entered other times, but today I want you to see it and narrate it to the whole world.

- "Look, go and destroy the entire Temple, go to the rooms of the one called Pope, annihilate him, kill him."

- They have entered terrified, running, pushing some and others, trampling them, and they are running to the rooms.

- But, my son, I have not told you that I have him in my arms, they will not be able to.

- Mother, why don't you give them love like us so that they become and see the Light?

- These men who are my children also do not look at the good, they look at hatred, lies, deception and destruction, they want to end the Church of my Son, with my love and my presence, but they will not be able to because my God, your God, is the Mighty One and will do all that, these wicked ones will go to Hell if there is no conversion, they will see themselves in the Blacks of Hell for their evil deeds.

- Mother I see a very strong Light, what is this?
- My son is the Almighty Father who comes to annihilate these wicked, they flee when they see the Light so powerful.
- What is this Mother?
- It is your God and my God who comes to save the Church of my Son
- They are running away, they are killing each other. What are they saying, Mother?
- Hating their God, they don't want their God and they themselves are killing each other with knives. This is what the Devil brings to the world; Therefore, my son, let all my children be alert, because when you least expect it, the Son of Man appears on earth to judge the living and the dead.

Everything is near, my son, what I ask of you is that you be good, that you be truly merciful to each other, that you see that where I appear, as here in Faro de Luz, I am in Body and Soul; Ask me, my children, ask me, I will console you, I will console you.

This is the narrative, my son, so that the world knows that they want to annihilate your Pope, my favorite son, but they will not be able to; Woe to those who offend the Pope, woe to those who criticize the Pope, woe to those who are rebellious, hateful and annoying! Poor those who do not want to see the Light!

Take away yourself, my children, you are also sinners, but look, here you come to the teachings of my Message, but put it into practice, take the Gospel of my Son to the world and love us very much, because this world has to be one of love, love can do everything, oh if you could see, my children, what Heaven is like! It is all eternity.

You have to work, you have to take off those things that hinder you, as I told you at the beginning, become like children, so you will see the Kingdom of Heaven, take off the follies of these hateful fashions that are in the world; And I am going to tell you something, my children, that I have never said, be careful with the gadgets of the telephones; In Heaven you see everything, Heaven knows everything, there are those who use them well, but there are those who are condemning themselves for taking and doing things that they should not do; you have to be clear about it; Yes, because everything is there, but there is also the bad and the bad is always sin; watch out, my children, fashions are wreaking havoc on the world; today men no longer want to be a man and women no longer want to be a woman, and that is pain that my Heart has; But you who are of the Light of my Lighthouse, come to ask for all humanity, always keep yourselves in love, and I have said it

so many times and I repeat it again, Tabernacle, Tabernacle, Tabernacle, ask a lot for the children, for these Children who are just beginning, how beautiful the simplicity and candor of children! of war, of hatred, of falsehoods, they speak of peace and then make war.

Come to this Holy Place, my House, My House of Love, here I am with all of you, and I have told you that every time you come through this place on the road or at the entrance, I am always here, ask Me and pray to Me; How beautiful it is to pray all in community, I ask you for silence in this Holy Place, when you come, come to what you have to come, to ask, to pray, to dialogue, but always the dialogue that is of my Son or of my Father , your Heavenly Father.

I love you, my children, I love you very much, I want to save you all, you have the Way of Salvation, it is very simple, do the will as I one day said: "here is the Handmaid of the Lord, let the will of the Most High be done in me "But of course you are going to say as always, we are men and we are sinners, we do not have the strength, why not? He who has God lacks nothing and he who goes to God, in his heart God will always be in that heart; but pride invades you, pride can do more, because Satan the Devil is wreaking havoc in the world and is wreaking havoc in everyone, at one time or another you jump for nothing, no, I have told you many times, my children, when you have a dispute at home or anywhere go to a place where no one will see you, get on your knees and ask for that person who is doing harm, that is the conversion of your heart, but if you keep saying and teasing the other, there is Satan That's where Satan enters and that, my children, your Mother does not want, your Mother wants simple, clean hearts and with a heart, as I said, contrite.

Always look at the Cross of my Son, the nails that were put in his hands and feet, look at him, meditate on him, you will see how little by little you will feel the pain so strong that my Son went through, and you when you feel the pain, you have to feel your God in your flesh.

Do as I have always said one day a month of silence, any day, do not talk to anyone, meditate for yourself and present that silence for the salvation of the world and your hearts.

I love you, my children, and I say to you, not goodbye, but forever, because I will always be with you, and I am now, my children. My Father God gives you the blessing, my Son of love, the Holy Spirit my Sanctifying Spouse and I your Mother Miriam, Mary, Beacon of Light, Beacon of Light, Beacon of Light.

I want you to be here next month doing this day that you know, pray and talk, dialogue, I invite all those who want to come, around one in the afternoon you will be here, I will also be witnessing all of you, do not say that I cannot, or that I am leaving, or that I am in another place, come, come to the call of your Mother.

Now I say goodbye to you and I bless you with all my Heart, especially today to all the children who have come, to that mother with seven children and the girl who comes, welcome, Faro de Luz loves you, loves you.

Goodbye my children, goodbye little ones, goodbye children.

***Our Mother speaks to the seer.***

We will ask for everything that You have thrown into the mouth of your child, we will ask for the demons to leave and not go to riddle and kill our Pope of Love. Ask a lot for the Pope, pray a lot for the Pope, that they be quiet the bad tongues, let the hatred be silent, the lies be silent and long live love, increase the love and the conversion of your hearts.

My son, go on as you go, even if the pain drills you too with pains, misunderstandings, go on and become a child too, because if you don't, one day, everything that my Son, my Father God, has given you will end. and my Love, my Heart; fight for Lighthouse of Light, fight for Lighthouse of Light, I will be with you always, always, become humble, my son, humble, humble, humble.

***Our Mother in Monte Faro de Luz.***
